

The First Annual

# Miles For Megan

To Benefit the Megan L Cordeiro Memorial Foundation

On 12/30/06 Megan was diagnosed with Acute Myelogenous Leukemia. She was a healthy 10 yr old prior to this. For the next 18 months she battled this disease with the utmost strength, stamina, and positive attitude. She was a true inspiration to everyone she came in contact with. Unfortunately Megan lost her battle with cancer on June 5, 2008. Her strength carries us through each and every day and the memory of her smile is forever with us.
